SUBJECT

Irrigation diversions off Silver Creek

SUMMARY OF COMMUNICATION

The following information was provided by Mr. Anderson:

- 3 water diversions from Silver Creek exist in the area near Richardson Flat Tailings; 2 of the diversions are upstream of the tailings in T25, R4E, Sec. 2, and are owned by Silver King Mining Co. and Union Lime & Stone Co. - probably used for moving tailings to pond area.
- The third diversion is located 500 feet N and 625 feet west of the southeast corner of Sec. 35, T15, R4E, and is registered under Silver Creek Irrigation Company. This diversion is downstream of Richardson Flat Tailings, and the water is used to irrigate pastureland (cattle grazing) in Sections 35, 26, 22, 23, 10 and 11, T15, R4E.
